

Screens and Windbreaks

TIP: In strong wind areas, prune your screen as it grows to reduce the size of foliage until it can grow a stronger trunk. This will prevent your new shrubs from being blown over!

Small Plants (to 1m)

- Agonis flexuosa nana (dwarf willow myrtle)
- Baeckea virgata 'Miniature'
- Brachysema celsianum (Swan River pea)
- Callistemon 'Captain Cook'
- Callistemon 'Little John'
- Correa 'Dusky Bells' (native fuchsia)
- Grevillea 'Ellendale Pool'
- Grevillea 'Robyn Gordon'
- Sollya heterophylla (bluebells)
- Thryptomene saxicola (rock thryptomene)
- Westringia fruticosa (native rosemary)

Medium Plants (1-3m)

- Adenanthos sericea (woolly bush)
- Banksia ericifolia (heath leaf banksia)
- Callistemon 'Endeavour'
- Calothamnus quadrifidus
- Eremophila maculata (emu bush)
- Grevillea 'Ivanhoe'
- Grevillea 'Lemon Supreme'
- Grevillea pinaster
- Grevillea 'Red Hooks'
- Grevillea 'Superb'
- Grevillea 'Winpara Gem' & 'Winpara Gold'
- Kunzea baxteri
- Leptospermum 'Cardwell'
- Westringia 'Lilac and Lace'
- Westringia 'Wynyabbie Gem'

Large Plants (3m and over)

- Callistemon 'Kings Park Special'
- Callistemon viminalis (bottlebrush)
- Callitris preissii (Rottneest cypress)
- Dodonea viscosa (hop bush)
- Grevillea barkleyana (gully grevillea)
- Grevillea olivacea (olive grevillea)
- Grevillea spp. (Tropical Hybrids)
- Hakea laurina (pin-cushion hakea)
- Leptospermum petersonii
(lemon scented tea tree)
- Melaleuca armillaris (bracelet honey myrtle)
- Melaleuca nesophila (western tea myrtle)
- Ricinocarpus tuberculatus (wedding bush)

Trees

- Acmena smithii (lilly pilly)
- Agonis flexuosa (willow peppermint)
- Allocasuarina torulosa (rose sheoak)
- Banksia integrifolia (coast banksia)
- Casuarina glauca (sheoak)
- Eucalyptus cladocalyx 'nana'
- Eucalyptus conferruminata
- Eucalyptus macrandra
- Eucalyptus platypus (round-leafed moort)
- Melaleuca linariifolia (snow in summer)
- Melaleuca quinquenervia (cadjeput)
